MAKING HEADLINES IN....

Color!

From Past To Present

The pathway to uture success lways starts ith a solid oundation. emember the ast but look to he future !

It has often been said that change is the only constant; that nothing stays the same. This most certainly holds true for this year at Rome Free Academy. The 2006 seniors are the first class to complete all four years in the new building, while the entire Yearbook will be in color for the first time in the Academy's history. Those are just some of the events that made the 2005-2006 school year a memorable one. The Boys Varsity Golf Team won sectionals for the fourth consecutive year, while the Girls Varsity Basketball team snagged their first sectional crown. The music department thrived in the 2005-2006 school year, sending four seniors to perform in the New York State School Music Association's All State Festival. Many students participated in Rome's Annual Science Fair and captured some of the top awards and prizes and will be moving on to regionals. Open mic night, as always, provided for musical talent to flourish throughout the community. It is evident that this year encompassed a wealth of memories, and throughout this all color yearbook, we can reflect upon the times of the year that have chronicled our stories, here at RFA. Making New Memories

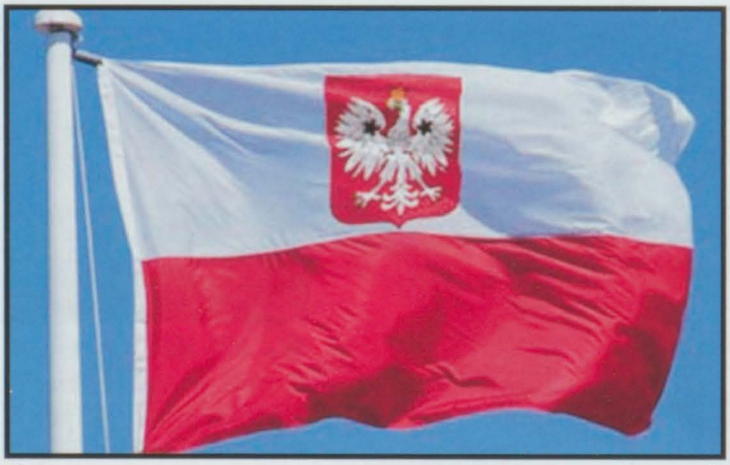
Gaining Experience: Going face-to-face with my ambitious challenges.

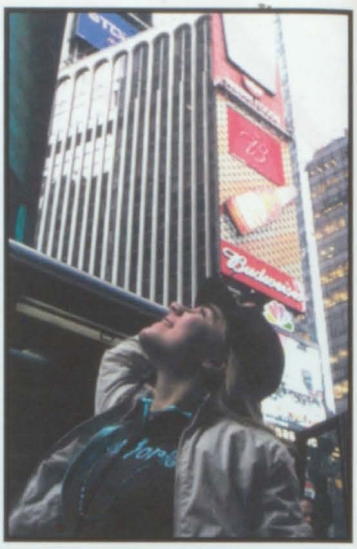
Performing: Playing the piano and singing at the Rotary Conference in Lake Placid.

Good Times: Hanging with my friends.

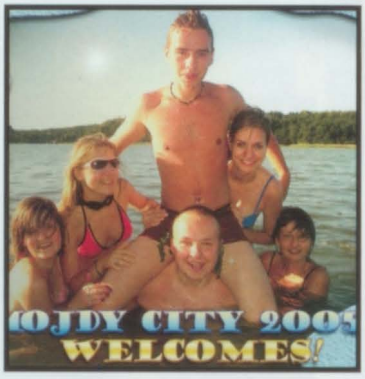
New Relationships: I have made friends with people all over the world.

Hello, my name is Adriana Krawcewicz I am a foreign exchange student from Poland which is located in Central Europe. I was selected to live in Rome, N.Y. for one year as the participant of the Rotary Youth Exchange Program. I find this opportunity as an excellent experience. I can gain unforgettable memories, yet challenge myself at the same time. In Poland I went to a much smaller high school with harder classes. However, at RFA I can develop my artistic skills and find different opportunities. I have many interests, on which I spend a lot of time. Some of my interests are drawing, computer graphics, writing, and watching old movies. I also play the piano and sing my own songs. I like meeting people and I hope to make close friends both with RFA students and other exchange students that I may meet. I want to see places around New York and take part in a big trip around the United States. Once I go back to Poland, I plan to attend a good advertising university or a film school somewhere in Europe. I am sure that during this amazing opportunity in the United States, I will change into a different person and gain fantastic memories!





New York, New York: My first GASP at the big city!!



Fun in Poland: Swimming with my Polish friends at my summer home.

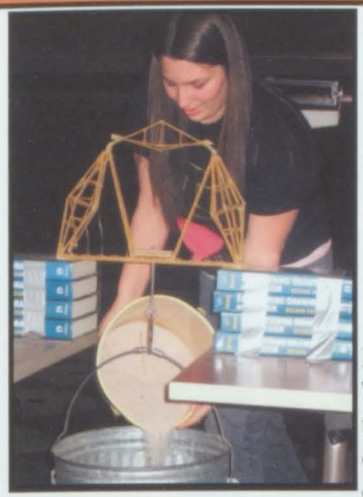
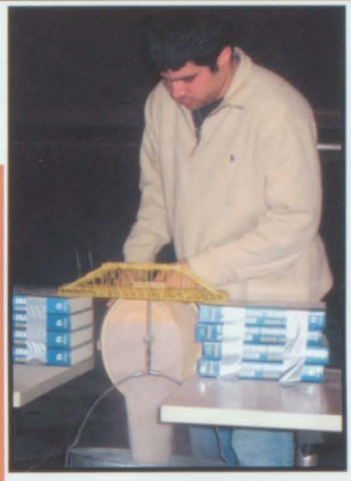
Engineering Projects

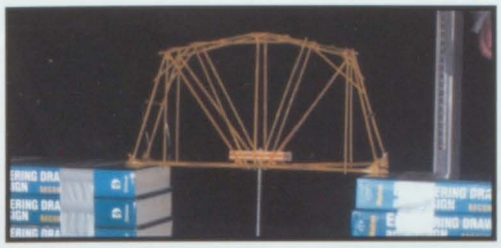


Battle of the Bridges Melissa Cignarale (left) and Mark Vaccaro (right) add sand to their ballast buckets to test their spaghetti bridges. Who will be the master? Who will be the disaster??

Structural Design Contest: The linguine bridge project is an annual event. Every year the students spend many hours constructing unique designs from these delicate materials and then we get to see them hold amazing amounts of weight.



Linguine, anyone? This bridge seems to be holding its own in the weight contest despite its delicate appearance.



The Golden Arches? The arch design of this bridge is quite impressive. Will it be strong enough to win?

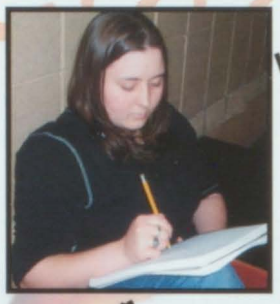
Making Magic Happen: Maggie Alerding

Wing Thing: Maggie's currently in a "wing fix" where just about everything she draws has wings.

Maggie Alerding is a Senior who has recently become better known to RFA because of her artwork. She has made numerous art contributions to Galleries. Maggie enjoys drawing, writing, reading, and listening to music. Her art is inspired by music, her own stories, and other author's stories.

What inspires her?

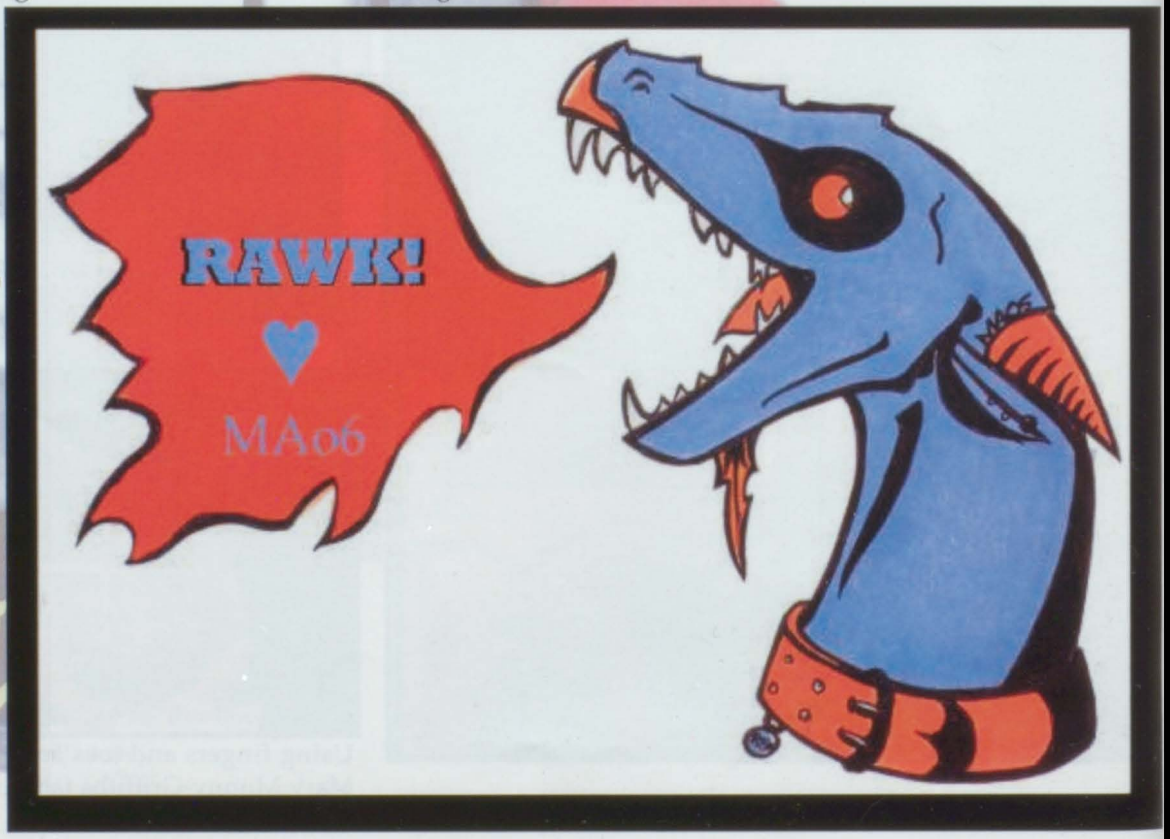
Writing



Art

Music

What subjects does she like drawing? Maggie draws whatever is on her mind at the moment. Everything including people, animals, and characters from her stories. Wondering what she writes about? "Relatable Fantasy" is what she likes to call her story genre. "It's not out of this world. The characters are people you would probably relate to". Maggie is hoping that Galleries will win gold this year. Last year Maggie's cover for Galleries won bronze, but with all of the hard work Galleries has done; gold isn't too out of reach for them.



Originally a Heat of Fusion design, the dragon is another of Maggie's constant drawing fixes. It didn't get into the design because she is "both the greatest and worst procrastinator she knows".

A Message From the Principal

Dear Students,

As my first year at Rome Free Academy comes to an end, I would first like to thank the student body for the warm welcome. RFA is a great place to work and I hope you have found it a great place to go to school. To the underclassmen, I look forward to seeing you next year and to watching you continue to grow and learn. To our Seniors, I would like to offer you some advice as you transition to a new chapter of your life. Author Steven Covey has identified seven habits that are common among "highly effective people." They are as follows:

Habit 1: Be Proactive - This means to plan ahead, act in ways that lead you toward your goals, not react to things that "happen" to you.
Habit 2: Begin With the End in Mind - Have a goal, know where you want to go, that way you will know when you get there.
Habit 3: Put First Things First - Prioritize your time and resources.
Habit 4: Think Win-Win - Find ways to compromise and resolve conflicts so that eveyone's needs are met.
Habit 5: Seek First to Understand, Then to Be Understood - Walk in someone else's shoes before you judge them.
Habit 6: Synergize - Work with others such that your collective efforts are greater than the sum of its parts.
Habit 7: Sharpen the Saw - Always strive to improve physically, mentally, spiritually, socially and emotionally.

Please consider these seven habits as you make your daily decisions. They truly are words to live by. I wish you the best of luck in the future, where ever it may lead you and I hope the lessons you have learned at Rome Free Academy will serve you well.

Sincerely,

Mark E. Benson

Sarah Jean Pisaneschi

Sarah- Our little cha-che!
We don't know where all the years have gone. Seems you just got on the kindergarten bus, now you are in your cap and gown. In our minds the years flew by, full of smiles and happiness because of you. We are so proud of you and all you have accomplished. We are so proud of the beautiful, smart, loving young woman you have become.

Remember to fly with every dream you chase. Believe. Know you'll cry, know it's ok. Always give more than you can take and know sometimes bad is good. Know you'll always be loved as big as the sky. Forever.

Love,
Mom, Dad, & Renee

Danielle Cardello

Unstoppable then...

Never let anything

We are so very
proud of you.

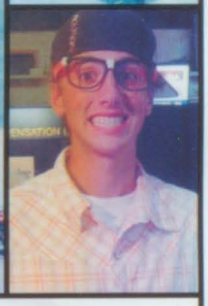
Daughter welcomed, loved always

We are very proud of you and love you more than you will ever know. Love Mom and Dad

Phillip Carl Urtz

Tis Graduation Time.....
So now you've made the first step,
And gone that initial mile,
It's prepared you for the road up front,
now step right out and smile.
Around the bend are many things,
New experiences, jobs and such,
don't fear but look ahead with joy,
At each challenge that you touch.
You will not exactly, what lies ahead each day,
but with great anticipation, just plunge in anyway
Make new friends as you journey,
but remember old ones too,
good connections are important,
and will always follow you.
My wish for you is happiness,
Plus the desires of your heart;
And a time of great fulfillment,
On your log of life to chart
The Prayers of those who love you
will follow you each day,
Giving you encouragement
so that you will not stray.
God's hand will always be there,
and his love is ever true,
Reach out and grasp it and hang on,
And let him walk with you.
Love you Forever,
Mom ,Dad, and Hannah



Elizabeth Ann Cole

Elizabeth,

We are so proud of you and all of your accomplishments. You have brought a lot of joy into our lives and we have so many wonderful memories of you.

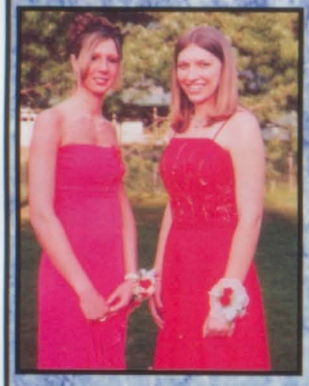
Nicole Weis



There you are in your cap and tassel
Ready to make the world your castle.
It seems just yesterday you were a kid,
Watching everything we did.
Now we're watching you graduate--
The young women we helped create!
On wings of knowledge you will fly;
Following your vision and rising high.
As you utilize your talent and ambition,
Let your friends and family give you their support.
And you'll master every challenging transition.
We couldn't be prouder, Nicole of you:
We wish you success in all you do.
Remember one thing we want you to know:
Our love is with you wherever you go.

We love you always Nicole,
Dad, Mom and Ronnie

As a family, we have walked along many paths on our way from yesterday to where we are today. Love has been our companion, keeping us close, even when we've been apart. Along life's journey be willing to make changes, take risks, and be ready to face the challenges. You've got a big heart. Keep it filled with happiness. You've got a fascinating mind. Keep trying new ways to grow. Keep learning. Keep trying. Keep smiling. And keep remembering that a parent's Love goes with you everywhere you go.

Cody, From Stokes to Strough to RFA, it's been quite an interesting and entertaining journey that went by too fast. Words can't express how proud of you we are.
I can't believe you're all grown up and about
to go out on your own. I'm trying very hard to let you
go, deep down I know I can because of who you are,
all of life's lessons that you have learned
And the hurdles you've overcome.

Your strong will, courage and pride
will see you through life's challenges.
Walk through life with your head held high.
Be proud of yourself and true to others...
And always remember...
Dream until your dreams come true.
You can accomplish anything you set your mind to.

If there were ever a time to dare, to make a difference, to embark on something worth doing, It is NOW. Not necessarily for any grand cause, but for something that tugs at your ear, something that is worth your aspiration, something that is your DREAM! You owe it to yourself to make your days count. Have Fun, dig deep and stretch for the Sky! Dream Big! You can do anything you want in your life. Know, though, that anything worth doing seldom comes easy. There will be times when you want to turn around, pack it up and call it quits. Those times tell you that you are pushing yourself and that you are not afraid to learn by trying. Persist! Because with an idea, determination and the right tools, you can do great things. Let your instincts, your intellect, and your heart be your guide. Trust in yourself. Believe in the incredible power of the human mind, Of doing something that makes a difference, Of working hard; Of laughing and hoping; Of lasting friends; Of all the things that will cross your path Next Year! The start of a something new brings a hope of something great. Anything is possible. There is only one you, and you will pass this way but once. Do it right. Dare to believe. Everybody knows you can't be all things to all people. You can't do all things at once. You can't do all things equally well. You can't do all things better than everyone else. Your humanity is showing just like everyone else's. So, you have to find out who you are, and be that. You have to decide what comes first, and do that. You have to discover your strengths, and use them to the best of your ability. You have to learn not to compete with others, because no one else is in the contest of "being you". Then, you will have learned to accept your own uniqueness. You will have learned to set priorities and make decisions. You will have learned to live within our limitations. You will have learned to give yourself the respect that is due you. Dare to believe that you are a wonderful person and that you are a once-in-all-history event. That it's more that a right, it's your duty, to be who you are. That life is not a problem to solve, but a gift to cherish. And that you'll be able to stay one up on what used to get you down.

Thanks for the Memories Kenny!

Hope you know how PROUD we are of you.
Never loose Sight of your "Dreams"

Papa and I

Nicole,
From my tiny little caterpillar to my beautiful butterfly.
There are not enough words to express how we feel about what you have accomplished.
When you started to hate school in second grade, we all had our doubts.
The disagreements on homework were TOUGH but we worked our way through it.
Once into Jr. High you knew it all and didn't need us anymore. You skated by, by the skin of your teeth as you had to do it all on your own.
Now High School came along and you still knew it all until 12th grade. You finally decided maybe, just maybe, what we had been telling you since 9th grade was right. You started to listen, caught on, got your act together and now you are graduating.
We love you and are VERY PROUD of you for all that you have accomplished and what you have become.
We'll miss you when you're away at college even though you think we won't because we're taking over your room!
Congratulations and best of Luck to you in school, life, career and love. Remember to Live, Love and Laugh often.

OUR FIRST BORN

Oh how we planned and waited
For the moment of your birth
Of all our little miracles
You were the very first
The first to hold, to raise, to love
And fill our days with fun
From your first tooth to your first steps
We counted memories one by one
The years passed by so quickly
And soon we realized
Dear first born, you were growing up
Right before our eyes
We have cherished every moment
And we wanted you to know
You have brought real joy into our lives
And we love you so

From August 1987,
It's been like Heaven,
The years with you,
Are too good to be true.

From nursery school,
(Where you were quite the jewel)
Through Lake Delta and Stokes,
And onward to Strough.

There was soccer and baseball,
Plays and vacation plans, too,
Time with your friends,
Oh, they were quite the crew.

Then came football.
What can I say?
It took up your life,
Every single day.

Now you're off on your own,
Almost grown.
There are tears of joy,
For my sweet baby boy.
But some of sadness, too,
For we'll so miss you.

Michael,
No parents could be prouder.
Love always,
Mom, Dad, John, and Maggie

Dropped from above
Fell down amongst us
And filled us with love

One devil may care
One solemn and sweet
Each perfect half
A whole when they meet

Leaving our safety
Crossing the line

Remember good lessons
We'll wait for you here

So strong, so sweet

Dear Son,
WE THE PEOPLE, in order to form a more perfect union,
ESTABLISH JUSTICE, insure domestic tranquility and secure the
blessing of Life, Liberty and the pursuit of Happiness. Whenever
any form of government becomes destructive to those ends, it is the right of the people to alter or abolish it. No law has been created to prohibit the freedom of speech, or the press or the right to petition grievances. All these are examples of our country's true intent written in these living documents. The youth is our future, so fight and achieve to uphold these rights no matter what obstacles you may endure...

Long ago you came to me
a miracle of firsts
First smiles and teeth and baby steps,

But one day you will move away

And I will be left thinking of
a lifetime of your lasts.....

For come some bright fall morning,
you'll be going far away.

One last hug, one last goodbye,

Our time together passed.

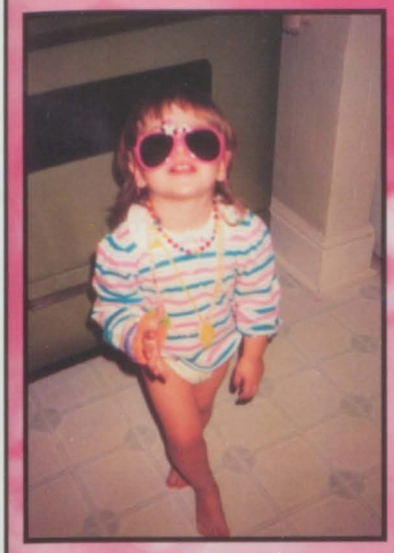
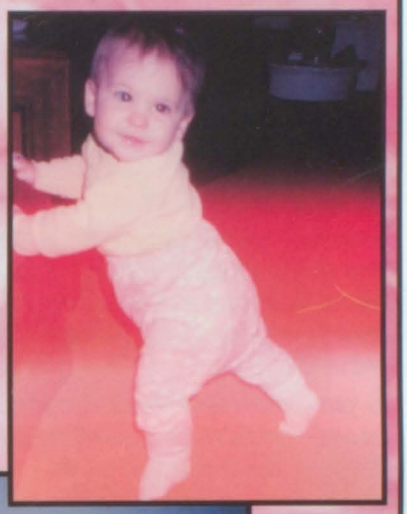
Bridget Donnelly

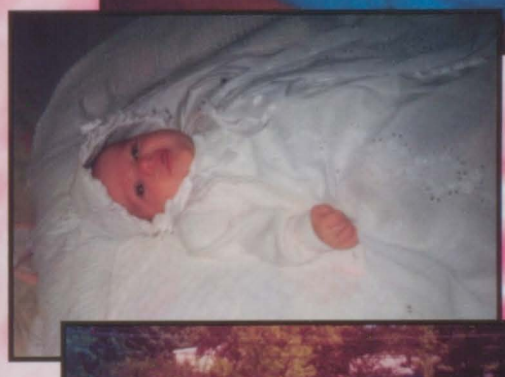


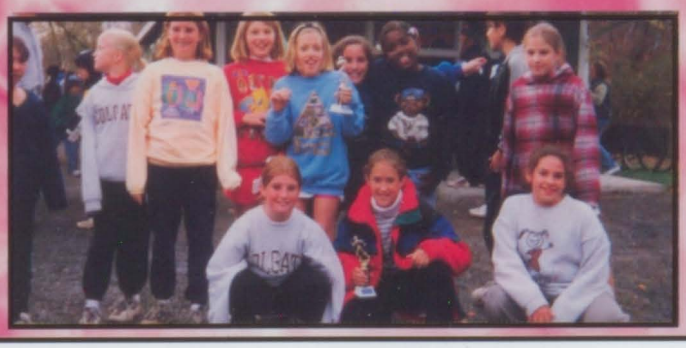


Dear Bridget,

I hope you never lose your sense of wonder
You get your fill to eat, but always keep that hunger
May you never take one single breath for granted
God forbid love ever leave you empty handed
I hope you still feel small, when you stand by the ocean
Whenever one door closes, I hope one more opens
Promise me you'll give faith a fighting chance
And when you get the choice to sit out or dance
I hope you dance, I hope you dance
I hope you never fear those mountains in the distance
Never settle for the path of least resistance
Living might mean taking chances, but they're worth taking
Lovin' might be a mistake, but it's worth making
Don't let some hell bent heart leave you bitter
When you come to close to selling out, Reconsider
Give the heavens above more then just a passing glance
I hope you still feel small, when you stand by the ocean
Whenever one door closes, I hope one more opens
Promise me you'll give a faith a fighting chance
And when you get the choice to sit out or dance...
I hope you dance, I hope you dance!!!

With all our love, Mom & Dad, Peace





Derek Swanson

Dear Derek:

You entered our world at 1:03 a.m. on Friday, June 3, 1988. We witnessed your arrival with joy, relief and wonder. From that instant you have been an enduring source of love and pride and hope.

An only son is unique. And you, Derek Charles Swanson, remain our special gift – the second of a trio of blessings.

While only you will carry forth our family name, know that you and your sisters are equal heirs to a greater purpose: Honor. Scripture tells us that "As a man is in his heart, so is he." Over time you will come to understand that reality and be fulfilled by its expectations and exhilarations.

As you embark upon the challenges of college, career and beyond, we again proclaim our everlasting and unconditional love to you, just as we did at your first breath.

In you, dear son, we see intuitive intelligence and academic excellence; we see leadership and a competitiveness in sport that will serve you in life; we see limitless potential.

And in you, Derek, your father sees gentleness and courage. And honor. I see in you the image and magic of your beloved mother. Embrace those qualities just as you cherish Mom's memory.

May your years be filled with discovery and joy, your life with wonder and love. Enjoy this time of high school graduation. And know that the best is yet to come.

God bless you, Mom & Dad

Frankie:
The only time that seems to have passed is the time it takes to rewind a video to watch you getting on the bus for your first day of Kindergarten. Now, our son is finishing his senior year, working part-time, getting his driver's license, turning eighteen and applying for college...all at once?
We just want to say thank you for making the last eighteen years pretty easy for us. It really is pretty unique to say that you can trust your teenager and that given the encouragement, that same teenager as good as he is can only get better with age and experience.
Thank you, Frankie, for being our son and a good big brother. We are very proud of you and we hope you get everything you want from your life and more...
Just remember more than anything else, be happy!

We love you very much,
Dad, Mom, Jordan, and Topper

Hurricanes ravage the Gulf Coast region in the fall of 2005, posing an unprecedented test of the United States federal emergency response efforts. Hundreds of lives are lost and thousands are left homeless in the wake of Category 4 Hurricane Katrina, followed by Rita and Wilma. The tragedy spurs contributions of money, talents, homes, food and more in an attempt to raise spirits and rebuild the area.

RISING FROM THE STORMS

August

25 Hurricane Katrina strikes Florida.

28 Mandatory evacuation of both New Orleans and Mississippi is ordered as Katrina becomes a Category 5 storm in the Gulf of Mexico.

29 Downgraded to a Category 4 storm, Katrina hits land. 1.3 million homes and businesses lose electricity in Louisiana, Mississippi and Alabama. 30 levees are breeched, flooding New Orleans and leaving 100,000 people stranded. After slow government response, civil unrest and looting begins.

31 President Bush surveys the damage.

September

1 30,000 National Guard troops are deployed. Gas prices spike to as high as $5 per gallon.

2 President Bush visits Louisiana and signs a $10.5 billion relief bill. Nearly 154,000 evacuees arrive in Texas.

4 The New Orleans Superdome is evacuated.

6 President Bush and Congress pledge to investigate the flawed disaster response.

9 Government-issued debit cards are distributed to evacuees. The program fails and is ended days later.

12 Michael Brown, head of the Federal Emergency Management Agency, resigns. Flooding is down to 50 percent in New Orleans.

14 New Orleans Mayor Ray Nagin announces a phased repopulation plan.

15 New Orleans begins to reopen. Katrina is named the most destructive hurricane in U.S. history.

20 Louisiana Governor Kathleen Blanco declares a state of emergency as Hurricane Rita strengthens off the coast.

22 Rita hits the Louisiana coast and heads for Texas.

23 Thousands evacuate eastern Texas and the 9th Ward of New Orleans floods once again after levees are overrun.

24 Hurricane Wilma hits southwest Florida.
